

PAYMENT PROCESSING

CRPG (Canadian Retail Payments Group): *Professional Merchant Services*

CRPG is the largest privately held credit card processor in the US and Canada transacting nearly 400 million transactions and \$30 Billion annually. CRPG actively manages electronic payments on behalf of over 400,000 businesses of all sizes and industries including Optical Stores and Ophthalmic Labs. By choosing CRPG, your practice will benefit from better prices, tier 1 technology, security, and 24/7 customer service and technical support.

By partnering with Wink Software, CRPG can provide the optical industry with a more efficient and cost effective method for processing credit and debit transactions. A few of the benefits of this partnership include:

1. Automated contact lense refill via email/SMS and charged to the patient's credit card.
2. No more costly errors when keying transaction amounts into terminal.
3. No more manual reconciliation of credit card payments with invoices.
