## Groupe Access: IT / Computer Support

(This is different from Wink SOFTWARE Support)

Founded in 1993, Groupe Access has become one of the leading hardware and information technology (IT) services firms in North America. Groupe Access is known for their exceptional quality, professionalism, expertise and competitive prices.

Groupe Access' experience in the optical industry includes work performed for some of the country's largest optical retail chains. Groupe Access' technicians are equipped to service your practice's network, hardware, software, wiring, back-up, hosting and IT requirements.

Groupe Access technicians are trained to support all Wink products in this catalogue.
