## IDEAL FOR OPTICAL STORES

---

To order, call:  
**+1.888.764.4318**

**Desktop Thermal Label Printer**  
*Datamax*

**Price: \$599.99** (Ribbon: \$29.50)

Direct and thermal transfer = quality + durability (200DPI).

- Label printer for printing on plastic labels for frames and shipping labels for lab orders.
- Plastic labels are superior to paper labels in that thieves are incapable of easily removing them by hand, and that the text/barcode will not fade over time.

*\*USB printer cable not included.*

**Honeywell Barcode Scanner**  
*Trusted by thousands!*

**Price: \$199.99** (Wired)  
**Price: \$489.99** (Wireless)

Rugged design / patented "automatic" infrared activation.

- Scan any barcode in your store and WINK will "automatically" display the data you're looking for (Invoice, Frame, Rx Worksheet, Shipping Label, etc).
- Other barcode scanners are less intuitive. You must "first" mouse-click in the appropriate cell on your screen, and "then" scan the barcode.

**HP Small Business Server**  
*1yr on site hardware support: INCLUDED (North America only)*

**Purchase: \$1,800 + \$350 setup + \$250/mth**  
**Hosted Rental: \$400-600/mth**

Your database in your store! Specially adapted with two serial ports to connect directly to tracers and edgers!

- Delivered to you fully configured. Just plug and play! 3+Ghz, 1TB, 8GB Memory, Linux OS.
- State-of-the-art protection for your patient records, and optimal performance for your WINK application.
- Alternatively, all records are stored remotely, and accessed securely via the internet.

**USB Cash Drawer**

**Price: \$299.99**

Secure and practical. Features "drawer status" reporting.

- Fully integrated with WINK so that employers can produce a report of every instance where the cash was opened, and by whom.
- 5 yr warranty if you register the product online
- Standard 5x5 till (5 bill / 5 coin)

*Products on this page are priced in US Dollars. Pricing in CAD is available for Canadian customers only. Every product on this page has been tested to ensure optimal performance with Wink software. Buying Wink products ensures that you are getting the best prices and that your computers are delivered to your store fully configured, turn key and ready to go. That's the Wink advantage.*

## POINT OF SALE

---

To order, call:  
**+1.888.764.4318**

**Dynamag Encrypted  
Card Reader**  
*Magtek Series*

**Price: \$75.00**

The easiest & cheapest way to charge patient credit cards.

- Don't want to pay \$30-\$60 per month for a terminal? Replace it with one of these instead!
- Install one at each of your practice's workstations. Can be mounted on a monitor or to the desk itself.
- Highly secured, Triple-Des encryption, can read credit cards and many government issued ID cards too!
- Sell a patient a 6-month supply of contact lenses, swipe his credit card in this reader, and 5 months later Wink will automatically refill his prescription, ship him the lenses, charge his credit card, and deposit funds to your account.

**HP: Keyboard  
+Mouse +Card Reader**  
*Non-Encrypted SmartBuy POS Keyboard*

**Price: \$90.00 (ID Tech) / \$185.00 (HP)**

Minimize the clutter on your desk!

- Another alternative to a terminal in your store. This device is a terminal, a keyboard and a mouse all in one!
- The HP "POS Keyboard" offers optimum space efficiency in retail environments with limited room. Its robust design also offers spill and dust-resistant keys.
- Combining the latest magnetic stripe reading technology with premier quality keyboard, the VersaKey POS offers the utmost POS keyboard performance and longevity to the general market.

**Magtek  
Mini Check Reader**  
*Small footprint. Durable. Accurate.*

**Price: \$200.00**

Never bounce another check!

- Fitted with technology that not only confirms that the check is real, but also that the patient has the funds in his account.
- Best of all, by sliding your patient's check in this reader, WINK will debit your patient's account as though he had used a debit/credit card.

*Products on this page are priced in US Dollars. Pricing in CAD is available for Canadian customers only. Every product on this page has been tested to ensure optimal performance with Wink software. ## POINT OF SALE

---

To order, call:  
**+1.888.764.4318**

**Samsung  
Receipt Printer**  
*Bixolon*

**Price: \$200.00**

Prints at 70mm/sec; Resolution 203 dpi.

- No terminal? Patient wants a receipt? No problem! Via Wink, you have the option of emailing credit card receipts to your patient, or printing them via this inexpensive printer.
- The economical and user-friendly design of the Samsung-Bixolon Receipt Printer incorporates a small footprint and "drop-in" paper insertion. Ideal for retail stores, printing quality reaches the same standards as many of the larger models.

**Electronic  
Signature Pad**  
*Topaz Signature Lite*

**Price: \$99.99**

Durable Construction and High Resolution (USB/Serial).

- Go Paperless! Via this signature pad, your patient's signatures are saved in Wink for future reference. Ideal for combination with any of our credit card readers.
- The "Signature Lite 1x5" features all the high-quality biometric and forensic capture techniques of a SignatureGem tablet, but with a low-cost touchpad and stylus in place of the active electromagnetic pen and sensor.

**Accessories for  
Topaz Signature Pads**  
*Topaz Signature Lite*

**Price:**

- Replaceable Overlay - \$25.00
- Replacement Pens (batteries incl.) - \$35.00

We recommend the Signature Lite 1x5 because of its rugged construction and small footprint. Nevertheless, don't hesitate to ask your Wink representative for a quote on a higher-end LCD, electronic ink, touch screen model.
